

LONG LIVE LOCAL

FREEDOM

In a lot of businesses, nothing happens until something moves. That's why so many fleets, municipalities, and owner operators depend on First Call Truck Parts. And it's why Joe depends on us.

First Commerce helps Joe keep his business moving forward by giving him the systematic efficiency of a large bank without the impersonal big bank feel. As one local company helping another, we share Joe's commitment to personal service and great relationships. And with First Commerce removing unnecessary speed bumps, Joe has the freedom to focus on the road ahead.

NOW THAT'S
LOCAL STRONG

"When First Commerce helped us refinance our building, it gave me the freedom to do what I love and help others do the same."

JOE WARD, OWNER OF
FIRST CALL TRUCK PARTS
